

STUDENT CONDUCT ON SCHOOL BUSES

The District furnishes transportation in compliance with Ohio law. This fact does not relieve parents or guardians of students from the responsibility of supervision until such time as the student boards the bus and after the student leaves the bus at the end of the school day.

The authority to enforce the established regulations for bus conduct is vested in the school building principals. Disorderly conduct or refusal to submit to the authority of the driver shall be reported to the student's building principal and is sufficient reason for terminating or suspending transportation services to any student once proper due process procedures are followed.

The District's policy regarding bus riding privileges must be posted in a central location and made available to students upon request.

After Board approval, regulations regarding conduct on school buses, as well as general information about the school transportation program, are available to all parents and students.
