

## SMOKING ON DISTRICT PROPERTY

The Board is dedicated to providing a healthy, comfortable and productive environment for its staff, students and citizens. Health professionals have determined that smoking poses health hazards not only for the smoker, but for the nonsmoker as well.

Recognizing these health issues, and in compliance with Federal and State law and City ordinance, the Board prohibits smoking in all District-owned, leased or contracted buildings and enclosed structures, as well as on the grounds of all such buildings and structures regardless of whether the building or structure is for student use.

The Board directs the Chief Executive Officer to educate all staff members concerning the mandate of this policy, as well as implementing, as appropriate, educational programming concerning smoking.

A notice to this effect shall be posted at the entrance to all District buildings.
